That calls for selected registrants officers of the local draft boards after receiving a communication from Major Henry Rhodes, chief of the selective service of this State.

Major Rhodes in his communication stated that calls for August would induct approximately ten thousand men into the service and that all local boards should speed up the work of reclassification and examinations that they might have enough men available to fill their quotas.

Major Rhodes notified the local board that the selective service regulations have been amended as fol-

"Postmasters at first and second class postoffices are hereby authorized to file affidavits with local draft boards for the purpose of securing deferred classification, Class 3, for the following employes only: Supervisory officials in postoffices, postoffice clerks whose services cannot be dispensed with without materially lowering the efficiency of the service: drivers of government,owned automobiles, mechanics and skilled laborers whose services are absolutebranches."
